MAN DISCOVERS GOLD IN HIS CHICKEN YARD

BANDON, Ore.—Charles Thompson is mining gold in the back yard of his home in South Bandon, following the finding of three gold nuggets in the crow of a chicken he cleaned for the family's dinner. The largest of the three nuggets was about the size of the head of a hatpin and search of the yard in which the chickens had been feeding uncovered two more nearly as large.

Mapua assessment ordinance passed second reading and was ordered to be advertised at last night's meeting of the board. There isn't very much new can be said of it, but it is "the most important action of the board for many months," in the words of Supervisor Logan.

The county clerk was instructed last night to call for bids on curbing for Auwahi. The estimated cost is \$2800 for private property curbing, to be refunded by the property owners, and \$200 for the city's frontage. Some opposition to the cost of the curbing being assessed against the property having developed, an opinion was secured from the attorney general. He declares that a lien can be forced against the property in front of which the curbing is laid and with the approval of the land commissioners the property can be sold to satisfy the lien.

ELECTION FRAUD PROBE CERTAIN, SAY DEMOCRATS

Pacheco Thinks Entire Trouble Due to Ignorance of Party Rules

It is almost certain now that a thorough probe will be made by the Maui county Democratic committee of charges of fraud in the Hana district during the direct primary elections held by the Bourbons of the Valley Isle last Saturday.

Statements made today at the office of John Wilson, national committeeman, indicate that Attorney Eugene Murphy's letter to Mr. Wilson yesterday, in which it is stated that one Palakiko voted 35 times by proxy, was not the first evidence of alleged fraud to be received in Punaui street. Wilson says that last Sunday he received a letter from a colleague on Maui to the effect that "Palakiko was busy." A portion of the letter reads: "Palakiko just returned from Keane where he went to fix up things for Raymond."

"But the joke of the whole thing is," says Wilson, "that Palakiko failed to 'fix things' at Keane. The boys there were too loyal."

In the Hana district, upon which the fraud charges are fixed, Wilson and Morris Keohokaloie, candidates for national committeeman and national convention delegate, respectively, each received two votes. High Sheriff W. P. Jarrett, candidate for national committeeman, and Dr. J. H. Raymond, candidate for delegate to the national convention, each received 51 votes.

"Local Democrats believe that the man who voted 35 times by proxy cast his ballots for Raymond, although, of course, we have nothing as yet to prove that," says Wilson.

Wilson adds that the matter of a probe is up to the candidates of the county of Maui, as the alleged irregularities affect them; this meaning the candidates for delegates to the national convention and alternates.

"An investigation must be made," Wilson further declares. "We can't allow people to vote by proxy. There is no question that the man who voted 35 times by proxy was a Raymond man. When I got that letter on Sunday I surmised there was something wrong on Maui, but I never thought that voting was being done by proxy. That is something unheard of here."

Commenting today on the Maui election situation, Manuel C. Pacheco, chairman of the Democratic territorial central committee, said: "The Democratic political situation on Maui is largely hysterical, and as soon as the contending factions settle down to a calm sifting of the matters in dispute, it will be found that the irregularities of last Saturday's primary were the result of ignorance of the party rules rather than deliberate fraud."

"The Democratic county committee of Maui will have to settle whatever disputes have arisen over last Saturday's election, and if after their conclusions, the defeated candidates feel that the committee has not ruled properly, they may appeal to the central committee for a review and decision on the questions in dispute."

Holding a photograph of his sweet heart near his heart, John Henry, aged 20, of Middletown, last night fired two revolver bullets through it in an unsuccessful attempt at suicide. He was taken to a hospital where it was said he had a chance of recovery.

GEORGIAN BRINGS FINAL FREIGHT FROM SOUND

Two things made the docking of the American-Hawaiian steamer Georgian at the railroad wharf at 7:30 this morning of interest.

Reason number one was that she is the last steamer of this line to call here from Seattle and Tacoma until further notice, which may mean until 1917. Reason two was that she brought a cargo filling her to the hatches, \$300 tons.

Her cargo from Puget Sound included 600,000 feet of lumber, 5000 bundles of shingles, and a big lot of miscellaneous freight. Capt. E. L. Smith told the American-Hawaiian's local office that the voyage down was extremely rough.

The Georgian's cargo should be discharged by Sunday evening or Monday night. She arrived off port at 6 o'clock last evening.

GERMAN SHOCKS COURT BY TELLING HOW HE WOULD FIGHT IN WAR

NEW YORK, N. Y.—A German-born resident of Little Ferry, N. J., appeared before Judge William M. Suferst and a federal attorney in court in Hackensack seeking citizenship papers. "In case of war between the United States and Germany or Austria, what would you do?" asked the federal attorney.

"I'd fight, of course," was the reply. "How would you fight?" "Like hell!" said the applicant. The audience was convulsed, but Judge Suferst told him he should first learn to have respect for the court and postponed granting his papers until June.

BRIGHTER CHILDREN

Children are probably brighter today than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women.

If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body forces to healthy action.

Scott's Emulsion is used in private schools. It is not a "patent medicine," simply a highly concentrated oil-food, without alcohol or harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes. Scott & Borne, Bloomfield, N. J. 25-21
